CORE CAPABILITIES

Client Success & Retention | **Platform Consulting & Enablement** | **AI Workflow Automation** | Stakeholder Management (90+ concurrent) | Cross-Functional Delivery | Digital Advertising Strategy (Meta, Programmatic) | Data-Driven Client Advisory | Market Expansion | Client Onboarding | Enterprise Account Management

PROFESSIONAL EXPERIENCE

Meta | Account Manager & Meta Platform Consultant

2024 - Present

- **100/100 CSAT** across 76 responses - highest volume and score in all of APAC, resulting in the 2025 **Infinite Potential Award** (Client Hero)
- Primary **strategic advisor** on Meta's advertising platform for enterprise clients, guiding measurement strategy, campaign architecture, and audience targeting across ANZ
- Built a **scalable onboarding framework** that shifted new client revenue pacing from 40% below target to 25% above target (**65 percentage-point improvement**). Templates adopted across ANZ and APAC teams
- Co-designed **onboarding webinars** that scaled client activation to **160 new accounts** in a single quarter
- Developed a **consultative measurement playbook** (Search Lift, Brand Lift, Conversion Lift) across **11 studies**, proving incremental value and building evidence-based investment cases
- Identified a **market-specific opportunity** (EOFY in Australia) invisible to a US-based client, then built the full promotional strategy and cross-border expansion plan, unlocking **US\$150K incremental investment** in one quarter
- Facilitated **market expansion** across 4 new countries for an e-commerce client, resulting in US market entry in 2026
- Drove **US\$684K incremental ad spend** for a single client (280% increase in 32 days) and shifted a financial institution's budget from a competitor to Meta (+US\$94K)
- Managed top 1% clients across ANZ spanning automotive, CPG, healthcare, gaming, media, retail, and travel

AI & TECHNOLOGY

Systematically integrated AI across every function of my role until it became default workflow. Passionate about helping others adopt AI practically - from building the workflows to teaching the skeptics.

- Built and deployed **autonomous AI agents** that handle multi-step operations (data pulls, CRM updates, scheduling, report generation) without manual intervention
- **Automated full sales operations**: pipeline management, client research, meeting prep, analytics, and task routing
- Operated across **26 AI platforms** spanning CRM, analytics, productivity, code, knowledge retrieval, and task automation
- Evaluated and adopted **12 new AI tools in a single month**, rapidly testing emerging capabilities against real use cases
- Ranked in the **95th percentile** company-wide for AI usage intensity, with workflows fully embedded into daily operations
